

Academy of Human Service Professions Recommended Program Planner

The Human Service Professions Academy is designed for students with the heart, mind, and desire to serve their community. Students will acquire skills necessary to protect, train, or care for, and effectively work with people in the community.

This is a sample planner that may be tailored to meet a student's individual needs. Students should work with their counselor to create a successful four-year plan. All students must take prescribed English, math, science, social studies, and other courses required for a Maryland high school diploma.
