### Capstone Experience Agreement

I understand that in order to complete the requirements to receive an academy certificate, I must successfully complete a capstone experience.

- The capstone experience may be in the form of an internship, a research project, a career related project or a college course.
- My project must be planned in accordance with my mentor teacher and approved beforehand by my Academy Lead Teacher.
- I understand that I may request support for this experience through an internship or research course if my schedule permits, and that I must work with my counselor to make sure that I request this in my schedule.
- I understand that my Academy Lead Teacher and mentor teacher will provide support for me as I develop my capstone experience.
- I understand that I am required to present my capstone experience during my senior year.
- I understand that my capstone presentation must be done individually. With prior approval, it is possible to work with a small group to prepare for the capstone presentation.
- I understand that my capstone experience will be assessed by a small group consisting of academy leaders, teachers and/or professionals from the community.
- I understand that I am encouraged to seek and accept guidance from my advisors in successfully completing the capstone experience.
- I understand that I am expected to work to the best of my ability to successfully complete the capstone experience.

Upon successful completion of my capstone experience and all of the course requirements of my academy, I will receive an academy certificate and be recognized at graduation for my accomplishments

**This form, with both sides completed, is due no later than March 26, 2007. Please bring the form to Room 342.**

Description of Capstone Experience

1. Type of Experience: Please indicate your first and second choice in the boxes below.

Research/career project     Performance     Portfolio     Internship

College Course     CWE/OJT     Other ideas, please
